Motion was made to pay all incoming bills by Fred Hundt and seconded Ron Sutton Jr.

Roll call vote was taken:

Fred Hundt	Yes
Ronald Sutton Jr	Yes
Seth Beaumont	Yes
Ronald Hundt Sr	Yes
Bill Horseman	Yes

Old Business:

Don Hundt Sr reported to the commission that we are still waiting on Clint Miller to schedule the Electric Company and the electrician for change over.

It was decided that the fire company will pay for the switch and the commission will look at paying for the most expensive components. The Commission will be getting quotes.

Fred Hundt reported that we have not heard anything about grant. At this point no news is good news.

Chiefs Comments:

Chief Don Hundt Jr. gave a report on a water rescue drill that was held on our last drill night. It was well attended and everyone had a good time participating.

The fuel tank for Engine 12 was installed by Steve Burt's service center in Newport. It was mentioned that the Commission has not received the bill yet for the fuel tank. The installation of the fuel tank has been paid.

Chief Hundt reported a couple of issues with Engine 12. The cylinder on the hydraulic ladder rack appears to have lost its stability as the back end of the ladder rack is not staying in the up position. The service center has been called, and they will provide the service as soon as the technicians are free from some out-of-service calls with other departments.

Tonight, prior to the meeting, an air leak was discovered on Engine 12. Steve will look at this and fix as soon as he can. If it's something Steve Burt can't fix, we will add this to the list of items needing to be fixed by the service center.

Public Portion:

The meeting was opened to the public. There was nothing addressed to the commission. With no public input Ron Sutton Jr made the motion to close it and it was seconded by Seth Beaumont. The public portion was then closed.

Adjournment:

Call for the meeting to be adjourned at 7:10 pm.

Fred Hundt, Board Secretary
